Malaysia is a nice country. There is a variety of delicious food in Malaysia. Global Academic has teachers and students of different nationalities; we shared our own cultures with each others. The teachers here are very nice and kind. I used to learn American English in Korea and I got a chance to learn British English here. I met many new friends here because Malaysians are friendly and easy to be friend.

There is a great difference between Korea and Malaysia, and I have new experience here. I am very happy to meet the teachers here because they are nice and friendly. I could still remember my first time to make some international friends. I was worried and nervous, but they are very kind and concerned. I want to thank my teachers in Global Academic because my English has improved a lot. I will miss them.
